After the premiere of Racine's Phaedra, director Matthias Hartmann and his team celebrated the great success of their production at the Landestheater Salzburg. Sunnyi Melles plays the title role in this production, joined by Paulus Manker, Philipp Hauß, Sylvie Rohrer and Therese Affolter, among others.

Once again, AUDI AG provided its top model, the A8, during this Festival summer, which can be booked for guest transfers, for a fee. Up to 55 cars are available. The main sponsors and their partner companies are entitled to book the rides for their guests. Thanks to the exact timing of the transfer services, the Audi fleet contributes to the timely and orderly handling of the crowds attending the Salzburg Festival's events.
